

## I Understand

- 1) I understand I am entering a paintball game where I may be and more than likely will be shot, sometimes even overshoot and it will cause pain, bruising etc.
- 2) I understand there may be players on the field who play aggressively or in an aggressive manner. That is their prerogative to play that way.
- 3) I understand that the referee's are here for my safety and to enforce game rules and I will not argue with their decisions, regardless of whether I agree with the decision made.
- 4) I understand I must abide by all rules provided by the producer for this event and not doing so may cause my ejection from this game.
- 5) I understand I am entering this contest to play against players who may be of a better caliber than me and I appreciate the challenge.
- 6) I understand I may be overshoot in certain situations and accept that as part of this type of game.
- 7) I understand I should read and understand all rules for this game and be governed by those rules accordingly.
- 8) I understand I must use event only paint at this event. Any other paint used will cause me to be removed from the facility with out a hint of refund or remorse from the LCP staff.
- 9) I understand I SHOULD CONSULT THIS FORM BEFORE CONSULTING THE REFEREE OR PRODUCER.
- 10) I understand this game is for fun and should be played in a manner to ensure all players enjoyment.
- 11) I understand I am to be respectful to all staff and referees as well as management of this game.
- 12) I understand that if my team is losing, it is not the producers fault, the referee, the paint or the air guys fault. Maybe the other team is just better and complaining because my side is losing will not help in the least.
- 13) And finally, I understand that I am playing this game at my own free will and I am free to leave the premises of this game at any time I am not happy. I understand that the producer, paint vendor, referees and airguy are really trying hard to provide for me and a lot of other players an enjoyable game and if for some reason that I can not find my happy spot, it is not their fault. My griping and complaining about how I was overshoot or the other team is a bunch of aggressive meanies or even that the refs are cheating is really pointless and probably one sided, so I am deciding here and now to enjoy this game to the fullest.
